YOUR EXPERIENCE

SIGNATURE CONCEPT

Maharis Beauty Lounge is a sanctuary of curated elegance—each treatment room is designed with soft minimalism and a touch of natural textures to bring calm, clarity, and comfort.

Our signature rituals are rooted in scientific beauty, thoughtfully developed by **MAHĀRIS** to elevate your self-care journey.

THE BED RITUAL

Experience the exclusive **8-Layers Bed Ritual**—a meticulously crafted bed layering system from Bamboo Lyocell to Egyptian cotton, each layer is chosen for breathability, softness, and hygiene. An optional warm setting with adjustable recline, allowing you to fully relax in your preferred bed configuration.

PILLOW MENU

Your comfort matters. Choose from our selection of **soft**, **medium**, or **firm** pillows—to your preference:

- **Soft** – plush and cushiony, perfect for those who love to sink into their pillow
- **Medium** – a balanced option that offers both comfort and support
- **Firm** – ideal for those who prefer extra support, especially for the neck and shoulders

A medium pillow has been prepared for you in each cabin, feel free to ask our team for the one that feels just right for you.

FRESH ROBES & SLIPPERS

Wrap yourself in comfort with our signature robes made from soft, breathable **Tencel™ Lyocell**—an eco-conscious choice, selected for its gentle touch and anti-microbial properties. Paired with clean, comfortable slippers, both sanitized prior to each use.

If the robe or slippers doesn't feel quite right, please don't hesitate to ask our team for the perfect fit.

MUSIC & SOUND

Let calming melodies guide your senses. Each room is infused with a curated soundscape — specially selected to help you relax, unwind, and feel fully present throughout your beauty ritual.

Please feel free to ask our team if you'd like the volume adjusted to your preference.
